## **NOTICE TO OUR VALUED GUESTS**

Due to the ongoing nationwide constraints in **LPG supply**, arising from the current global and domestic situation, the availability of LPG — which is the **primary fuel** used in our food operations — has been temporarily affected across the hospitality industry in our country .

In view of these circumstances, certain temporary arrangements may be required in our restaurant services. Guests are kindly requested to note that menu selections across all meal periods, including **Breakfast, Lunch, Dinner, and Round-the-Clock dining services, may be limited**, and the availability of certain dishes may vary from time to time.

While our culinary and service teams continue to make every effort to maintain the highest standards of quality and hospitality, the present restrictions in LPG supply have adversely affected certain food preparations and menu offerings. We sincerely request the kind **understanding and cooperation** of our valued guests during this period. We are extremely sorry for any inconvenience caused due to these unavoidable circumstances and greatly appreciate your patience and support.

We thank you for your continued patronage and assure you of our commitment to providing the best possible dining experience.
